P.O. Box 145801
Salt Lake City, UT 84114-5801

Subject: Granite Construction Company, Morgan Facility
RDCC Project No. 25440

Dear Ms. Heppler:

The State of Utah, through the Public Lands Policy Coordination Office (PLPCO), has reviewed this project. Utah Code (Section 63J-4-601, *et. seq.*) designates PLPCO as the entity responsible to coordinate the review of technical and policy actions that may affect the physical resources of the state, and to facilitate the exchange of information on those actions among federal, state, and local government agencies. As part of this process, PLPCO makes use of the Resource Development Coordinating Committee (RDCC). The RDCC includes representatives from the state agencies that are generally involved or impacted by public lands management.

Division of Water Rights

This project may require a stream alteration permit or a water right. Please contact Dana Dredge at (801)538-7392 if you need further assistance.

Division of Air Quality

The proponent will be required to comply with R307-401 for permitting of new and modified sources and R307-205-7 for fugitive dust.

The State of Utah appreciates the opportunity to review this proposal and we look forward to working with you on future projects. Please direct any other written questions regarding this correspondence to the Public Lands Policy Coordination Office at the address below, or call Judy Edwards at (801) 537-9023.

Sincerely,

John Harja
Director
